

ALBAUGH GOES HOME

He Was Closeted All Yesterday With Governor-Elect.

WILL RETURN TUESDAY

Wellington Delegation Arrives in the City to Consult.

In the city yesterday the very atmosphere was full of floating political gossip, arising from unfounded rumors, some of which were the cause of many consultations at the hotels among the visiting political leaders.

At one time during the day it was given out that Mr. Albough had been tendered the appointment of private secretary to Governor-elect Stanley and had taken the matter under consideration. When Albough was seen later in the day he said there was nothing in the report, as neither he nor the governor had mentioned anything in relation to the secretaryship as far as he was concerned. All day long there was a steady stream of callers at the governor's office and some of them had a long wait, as most of the day the governor was closely closeted with Albough discussing matters that will probably never be known outside of these two men. They came out of their privacy about the noon hour and walked down the street arm in arm to the Carey hotel, where they took dinner. Just before they left the office those who had not yet got a chance to talk with the governor were invited to come back again. Albough has gone to his home at Kingman. He left last night, but will return again Tuesday. It is given out that something in the way of news of appointments may follow his return visit.

Quite a contingent of Wellington politicians were in the city yesterday. Among them were Charles Elliott, John Hauser, Frank Henderson and ex-Mayor Savage. They were all callers at the governor's office and got an audience with him at frequent times during the day. Ex-Mayor Savage is after some of the political patronage pie. John Harper of Cimarron was another who was closeted with the governor.

During the day a dispatch reached the city stating that State Superintendent Frank Nelson had appointed the subordinates in his office. They are announced as follows: Assistant Superintendent, ex-County Superintendent D. W. Little of Wallace county; bond clerk, A. V. Lindell of Topeka; stenographer, Miss Randolph of Abilene. State Superintendent Nelson's state is the first to be given out by any of the newly elected state officers. Others are expected to follow at an early date.

John Sexton's friends are urging him for railroad commissioner. It is understood that Mr. Sexton is not a candidate for the position, but will accept it if appointed.

Among other claimants for political recognition is W. C. Miller of Medicine Lodge, who wants to be appointed coal oil inspector.

Dr. Bull's Cough Syrup cures over night the most stubborn cold as well as all its complications—coughing, in the throat, husky voice and violent coughing. It is the most wonderful medicine science has produced.

OFFICIAL CANVASS COMPLETED

Governor-Elect Stanley Leads in the Vote Cast.

The official count of the vote on state, congressional and judicial nominees, as returned to the Republican state committee and tabulated by the clerks, shows that Governor-Elect Stanley leads in the number of votes cast and State Superintendent Frank Nelson leads the ticket in pluralities. Minus the soldier vote in Cuba and Manila, the following is the official return:

For governor—Stanley (Rep.), 19,421; Leedy (Pop.), 12,362; Potter (Pro.), 4,062; Lippincott (Sec.), 625. Stanley's plurality, 16,352.

For associate judges—Smith (Rep.), 17,442; Allen (Pop.), 13,674; Carnahan (Sec.), 621. Smith's plurality, 13,821.

For lieutenant governors—Richer (Rep.), 17,536; Harvey (Pop.), 13,242; Black (Pro.), 13,736; Arnold (Sec.), 693. Richer's plurality, 11, 16,193.

For secretary of state—Clark (Rep.), 18,782; Bush (Pop.), 13,641; Clanton (Pro.), 2, 12, 12.

ITS WEIGHT IN GOLD.

A NEW DISCOVERY WHICH IS WORTH THAT MUCH.

To Anyone Afflicted With Piles.

The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at drug stores and it is safe to say that when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obstinate and common trouble.

Mrs. M. C. Hinkley of 901 Mississippi St., Indianapolis, Ind., says: "I had been a terrible sufferer from piles for 15 years and no remedy benefited me, until I saw an advertisement of the Pyramid Pile Cure; I got a package, also a package of Pyramid Pile Cure, and used both according to directions. I was astonished at the immediate relief obtained and now I honestly believe the Pyramid to be the only certain cure for piles."

That you may realize how bad I was, I will say that I was confined to my bed and even before the college physicians here who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure, the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly everyone here knows of my terrible suffering from piles and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pile Cure. My husband will join me in highly recommending the Pyramid, my daughter was cured by one box only. For several years I weighed but about 30 pounds, now I weigh 120 and feel in perfect health."

This seems to be the universal testimony of every sufferer from piles who has ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine or any poisonous ingredients; what ever has a soothing, healing effect from the first application, and the moderate price places it within the reach of every one needing treatment. The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00 per package and the Pyramid Pile Cure at 25 cents per box.

ARE FOR A CARNIVAL

Fair Directors and Business Men Discuss

PLANS FOR STATE FAIR

If Either Way, Opinion Is for a Carnival.

The directors of the fair association held a meeting in the City building yesterday to receive and consider suggestions for next fall's entertainment. There was quite a good attendance of the members of the directory and some business men who are interested in the benefits derived from public entertainments. There was a freedom of suggestion and discussion from all quarters and the weight of opinion was about equally divided on the question of whether there should be the same old fair or a carnival, or a mixture of both. Possibly it is stronger for a carnival. Some have favored the regular fair arrangement at the ground through the day time, with some street and public entertainments up town at night to hold the crowd and give them a diversion of interest, so that they will not feel the time drag, and therefore make plans to come in on the morning and go out on the afternoon trains.

There seems to be no particular objection from anybody to this plan, but there is considerable talk against confining the matter to a strict adherence to old-time fair attractions without any of the later carnival fads and exhibitions. Some are in favor of simply an old-time exhibit of farm and mechanic productions. More are in favor of a pure carnival, and a great many of both the directors of the fair and the business men are in favor of a combination of the two.

Another meeting will be called next week and more of the business men of the city will be urged to be present. Some definite action will be taken soon and work commenced right away to get everything in good shape for the next meeting.

WILLIAMS HELD

ON UNITED STATES WARRANT

Goes Back to Jail in Default of Bail.

Dr. J. C. Williams, who has been held by the authorities charged with using the facilities of the postoffice department for fraudulent purposes and fleeing Mrs. Monroe of this city out of a considerable sum of money, was re-arrested on a federal warrant issued by the United States district court yesterday. He was taken before the United States commissioner and his case was set for a preliminary hearing December 12, and he was bound over in the sum of \$1,000 to appear at that time. At a late hour yesterday he had not succeeded in securing bail and Officer Cairns escorted the colored doctor to the county jail.

The insurer has engaged Adams & Adams to defend him at his preliminary. The postoffice authorities have notified United States District Attorney Lamborn and either he or his assistant, Harry Bone, will be here to prosecute.

The department at Washington has been requested to return the letters that were sent to the dead letter office from Kansas City which Williams claims contained the money he got from Mrs. Monroe and was afterward sent to her in the form of cash, with special delivery stamp on, addressed to Mrs. Monroe, Kansas City, Mo. The story told by the prisoner is not thought to be a very credible one. The postoffice officials intend to prosecute him to the full extent of the law.

AN EVENING OF MERRIMENT.

The Little Trixie company at the opera house last night gave eminent satisfaction to a fair sized audience, who, to judge from their enthusiasm from applause, seemed highly pleased with them as entertainers. The play is somewhat on the vaudeville order and was just plot enough running through it to hold attention throughout and add to the interest of the mirth-provoking specialties, of which there are many. Special mention might be made of some of the players, but they were all well received, and to all lovers of music, dancing and fun we cheerfully recommend the Little Trixie company, and should Mr. Robbins and his excellent players again favor

NEW YORK ORDERED TO CUBA

Will be the First Armored There Since the Maine.

New York, Dec. 2.—A special from Washington says: Orders have been issued by Secretary Long to the armored cruiser New York to proceed to Havana, Cuba. The battleship Texas has left Tompkinsville for Hampton Roads. Commodore Philp will remain as commander-in-chief of the North Atlantic squadron until the return of Rear Admiral Sampson. The New York will be the first armored-cruiser of the United States to enter Havana harbor since the battleship Maine arrived there. Upon her arrival Rear Admiral Sampson will hold his flag on board and it is expected, will come north in her last of next month. It was stated at the department that there was no special cause which induced Secretary Long to send the cruiser south, as Spain has complied with the American demands for the evacuation of the island, and there is no new question which requires a demonstration. Cool weather is coming on and there is less danger of the crew contracting yellow fever, than there was in the case of the Maine. The vessel will use every precaution to prevent that disease getting aboard.

Washington, D. C., Dec. 2.—Upon the arrival of the New York at Havana, Admiral Sampson will resume his duties as commander of the North Atlantic squadron, and again will hold his flag on the New York. Whether or not the Cuban commission will return north on the cruiser will depend on their own wishes.

MICHIGAN MILITARY ACADEMY

BOYS RECEIVE OFFICIAL RECOGNITION

25 Per Cent. of the Officers of the 45th Michigan Volunteers are Orchard Lake Boys.

A much larger standing army will be organized. West Point cannot supply the officers. They will be selected largely from graduates of the best private military schools.

COLONEL HEYL, U. S. Army Inspector General, in his report for 1897, says: "This Academy still maintains its place as a leading military institution of the country, outside of West Point, and in all its details it is the most complete and the best schooled of the kind I have ever inspected. The State may well be proud of Orchard Lake Military Academy, and the young men it graduates, as they will be the material on which the country can rely for its defense in the event of war."

"The military department of this institution stands pre-eminently without a peer among all of its class."—Capt. J. M. Lee, U. S. Army Inspector, Report for 1894.

"The Michigan Military Academy, at Orchard Lake has, by its high grade of scholarship and its strenuous efforts for the best success, achieved a place second to none in the country."—Extracts from Contributions to American Educational History, 1902, Bureau of Education, Washington, D. C.

HIS FIFTIETH YEAR

Jubilee of Franz Joseph's Accession to the Throne.

REJOICING IN THE EMPIRE

Commemorative Observances in American Cities.

Vienna, Dec. 2.—Emperor Francis Joseph today, upon the fiftieth anniversary of his accession to the throne, issued a general order to the army, thanking the soldiers for their loyalty and fearless valor throughout his reign and declaring that he will ever look upon the army as the shield and protector of the throne and fatherland.

Amnesty has been granted to political offenders in Hungary and a number of decorations have been gazetted. All the newspapers, without distinction as to politics, publish articles extolling the Austrian emperor as the guardian of European peace.

The day was ushered in with the booming of cannon and a grand reveille sounded by the bugles of all the regiments of the garrison. The city was gaily decorated with flags and the streets were thronged with people wearing black and yellow favors and jubilee medals.

The archdukes attended a special thanksgiving service in the garrison church. The distribution of jubilee medals to the troops followed.

Services were also celebrated in other churches, commemorative meetings were held in the university schools and there was much rejoicing throughout the provinces.

Berlin, Dec. 2.—The members of the United States embassy attended a Te Deum today at St. Hedwig's church, in honor of the jubilee of Emperor Francis Joseph of Austria. Later, several were present at a reception given to the Austrian colony in Berlin. At the Austro-Hungarian embassy Count Von Szegedy-Marich, the Austro-Hungarian ambassador, in the course of a brief speech, alluded indirectly to the anti-Austrian feeling engendered in Berlin by the recent threats in the Austrian Reichsrath, of Count Thun-Hohenstein, the Austrian premier, to make reprisal in case the German policy of expelling Austrians from Germany was continued. The ambassador said he felt special satisfaction at his recognition of the treaty with a mighty empire which benefits Austria and the world and will endure forever."

Washington, Dec. 2.—A brilliant official and religious service, commemorative of the fiftieth anniversary of Emperor Francis Joseph's accession to the throne of Austria, was held at St. Matthew's church today. The ceremony was under the auspices of the Austrian legation and in recognition of its national character President McKinley and Secretary Hay were present in behalf of the United States. While the foreign governments were represented by the full strength of the diplomatic corps, the church was elaborately festooned for the occasion, flowers and potted plants filling the chancel. As the official guests arrived they were met by the Austrian officials, Baron Reidl and Baron Baumgarten, in the stunning uniforms of the Austrian dragoons, and Dr. Theobald, representing the civil branch of Austria's staff. The president and Mr. Hay occupied the front pews to the right of the chancel, while across the aisle sat Sir Julian Pauncefote, British ambassador, and Count Cassini, Russian ambassador, in their richly embroidered uniforms. Among the many other foreign representatives were Baron Stock, von Sternberg of Germany, M. Titehaut of France, Marquis Santa-Teresa of Portugal, the Chilean and Korean ministers with their staffs, and the ministers of Turkey, Argentina, Brazil, Switzerland, and Denmark. Colonel Maus and Michael, of General Miles' staff, were present as representatives of the army. Archbishop Martinelli, the papal delegate, occupied a place in the chancel and participated in the religious service, which was celebrated by a large number of priests and acolytes. There was no sermon, the solemn high mass and an elaborate musical program constituting the ceremony.

Chicago, Dec. 2.—Austrian residents of Chicago today celebrated the fiftieth anniversary of the accession to the throne of Emperor Francis Joseph. Services were held at the Cathedral of the Holy Name and were attended by nearly all the foreign consuls in Chicago and by several hundred Austrians and Hungarians.

America's Greatest Comedian Uses Paine's Celery Compound.

Back of every smooth performance there is an amount of preparation, study and rehearsal that soon tells on the health of every actor. It is significant how unanimous men and women in professional life, whether actors, editors, teachers or physicians, are in regard to Paine's celery compound. As a nerve tonic for the exhausted strain of their professional duties nothing else does the work of Paine's celery compound.

A testimonial taken at random from the many that are constantly received from the theatrical profession, says:

New York City, Sept. 25, 1898.

Wells, Richardson & Co.

Gentlemen—If others have been helped by Paine's celery compound as decidedly as in my case I do not wonder at the enthusiastic testimonials this remedy is constantly receiving. If I had never heard a word as to its remarkable invigorating capability, I could unhesitatingly recommend it from my
